Use this chart to determine your size. If one of your measurements is between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for hips and waist correspond to two different suggested sizes, order the one indicated by your hip measurement.

- A** Chest Measures the fullest part of your chest.
- B** Waist Bend to one side to the natural crease of your waist and measure across this point.
- C** Hips Standing with feet together, measure around the fullest part of your hips and rear.
- D** Inseam Measure from the bottom of the crotch seam to the bottom of the hem along the inside seam.
